WAI PLATFORM 24 BLUE DECK

TECHNICAL SPECIFICATIONS

OVERALL LENGTH	24,00 MT
MAXIMUM BEAM	20,00 MT
DRAFT	0,60 MT
DESIGN CATEGORY - PAX	CE CLASS C-12
PAX AT REST	100 PAX
PROPULSION	2 X OUTBOARD MERCURY 150 HP
DESIGN	PT WAHANA AIR INDONESIA
CONSTRUCTION	FIBERGLASS - GALVANIZED STEEL - WOOD

The WAI Platform 24 Blue Deck is a modular fiberglass floating platform designed for tourism and recreational use.

The demountable structure consists of 7 fiberglass hulls supporting a rigid galvanized steel frame with decking fixed on top, a solution that ensures high stability and excellent resistance to wave motion.

The platform can be moored using mooring buoys or its own anchors and is optionally arranged for low-speed navigation with two outboard engines up to 150 hp.

The high stability allows for the installation of furnishings, making it ideal for restaurants, beach clubs, resorts and marine tourism activities.

BUOYANCY

- 5 x watertight reinforced fiberglass hulls measuring 12.00 x 1.00 x 1.00 m
- 2 x watertight reinforced fiberglass hulls measuring 6.00 x 1.00 x 1.00 m

Each hull is compartmentalized by internal bulkheads installed every 2.00 m and filled with closed-cell foam. The hulls are externally coated with gelcoat.

ENGINES - PROPULSION

Propulsion (supply and installation at the Buyer's expense)

- 2 x outboard 150 hp
- 2 x 120 L fuel tanks
- Engine control panels on the helm station

Rudders and steering system

- Hydraulic steering system

Flybridge helm station

- Access from the technical room
- Semi-enclosed fiberglass cabin
- Front window
- Console Captain's seat
- Stainless steel handrail

PLATFORM

- Deck support via modular hot-dip galvanized steel lattice structure joined to the hulls
- Deck made of sandwich-laminate fiberglass modules assembled onto the support structure

DECK

- Fiberglass deck with non-slip surface and gelcoat finish
- 2 x transparent tempered glass deck panels supported by galvanized steel beams
- Stern platform positioned above the waterline, measuring 14.00 x 2.50 m, with ladder
- Mahogany wood gazebo measuring 4.00 x 3.00 m with waterproof walkable roof, surrounding countertop, and entry door

Inside the gazebo:

- Central wooden island with worktop for bar service, housing for refrigerators and freezers, cabinets and drawers, sink with faucet
- Wooden technical room measuring 4.00 x 2.00 m, positioned behind the gazebo
 - Access door and windows
 - Shelf-type structure for tank housing
 - Soundproofed compartment for generator housing
- Bathroom compartment measuring 2.00 x 2.00 m, positioned adjacent to the technical room
 - 2 x access doors (men – women) and ventilation windows
 - 2 x electric macerating toilets – 2 x sinks
- Kitchen compartment measuring 4.00 x 3.00 m, positioned adjacent to the technical room
 - Access door and ventilation window
 - Diamond-pattern aluminum flooring
 - Aluminum interior wall cladding
 - Pre-arrangement for kitchen equipment installation
 - Electrical and water connections
- Waterproof fabric sunshade supported by a stainless steel structure
- Fiberglass bulwarks all around
- Stainless steel and wood handrail

Equipment and accessories

- 2 x stainless steel ladders on the stern platform
- 4 x anchoring points with chain hooks for mooring buoys
- Anchor locker
- 6 x mooring bollards, positioned at the stern and on the port and starboard sides

230V Electrical System

- 9 kW marine generator
- 230V system and wiring
- 230V control panel

12V Electrical System

- 12V system and wiring
- 12V control panel
- 2 x service batteries
- 2 x engine starter batteries
- Battery charger

SYSTEMS AND PLUMBING

Fresh Water System

- 2 x 500 L water tanks each
- 2 x pressure pumps
- Water distribution system

Grey Water System

- 2 x 500 L grey water tanks each
- Collection and distribution sump

Black Water System

- 2 x 105 L black water tanks each
- Collection and distribution sump

NAVIGATION

- Console with steering wheel
- Compass
- Electric horn
- Engine controls
- Navigation lights

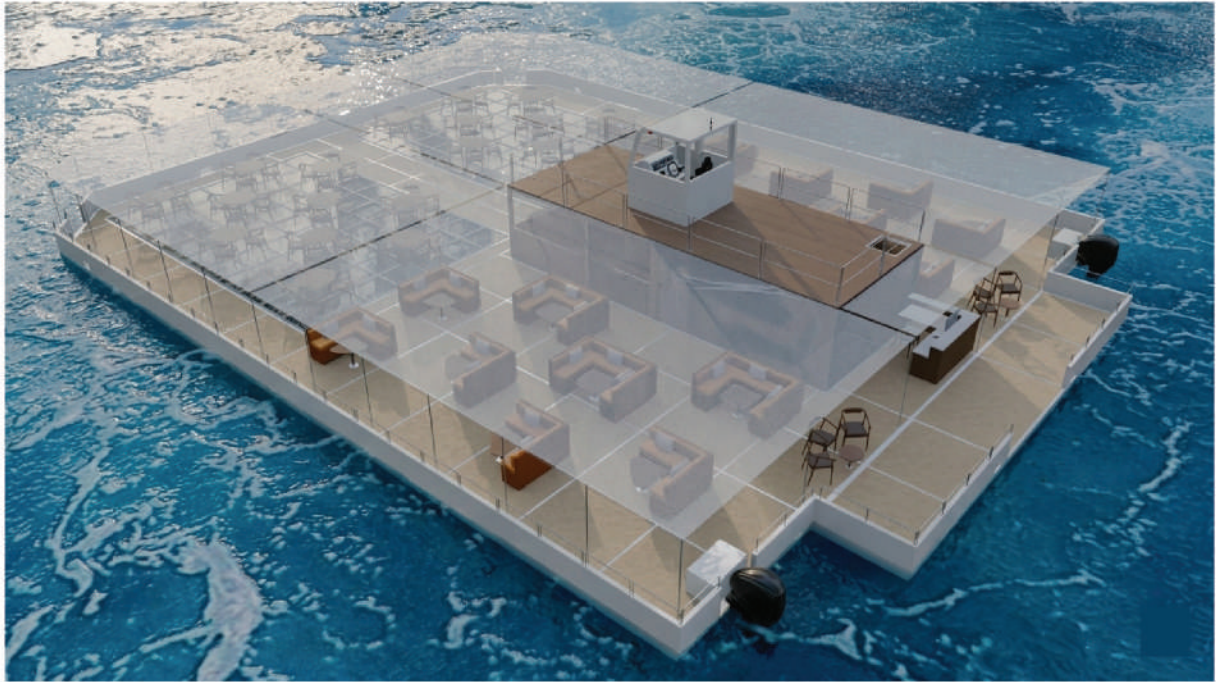

LIGHTING

- LED lights on deck, in the gazebo, technical room, kitchen and bathrooms

EXCLUSIONS

- Bar equipment (refrigerators, freezers, etc.)
- Kitchen equipment
- Furnishings (tables, chairs, sofas, etc.)
